

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

Transportation Editor

They're off and running at Los Alamitos, home of the quarter horse. For the first time ever in the Southland, you will be able to enjoy night racing. I've been involved in night racing for years; the hay burners I've bet on never came in 'til after dark.

Racing will be on a six-day-a-week basis, Monday through Saturday, with the first post time at 7:45 p.m. The RTD in its effort to keep pace with the community, will provide freeway flyer service direct to the track. Leaving the RTD terminal at 6th & Los Angeles at 6 p.m., arriving Los Alamitos 6:40 p.m. Return fare \$1.50. Be among the first to enjoy night racing, but start your pleasure on a relaxing RTD freeway flyer.

Kids get cheated now days, many of the low cost pleasures you and I enjoyed are gone forever; tree houses, fishing holes, wooden orange crates for building things, to name a few. There still is one pleasure we enjoyed that's available to kids, the Circus. Oh, it's streamlined, automated, computerized and advertised, but it's still a circus. Like the railroad train and the model "A" cars, kids have never seen a circus, so now is the opportunity to give them a treat. Fresh from an opening run at the Forum in Inglewood, it will open August 8th, running through the 14th at the Anaheim Convention Center, and finish up August 15th through 18th at the Long Beach Arena. RTD serves all three locations, both day and evening. Give the kids a double treat, a bus ride and the circus. Send for time-tables and map of lines serving your area.

More and more people I talk to are getting interested in rapid transit and want to learn something about it. They are asking questions like, "When is it going to happen?" "Will it serve my area?" The RTD is anxious to explain their plan for Southland communities and has prepared an informative folder FREE for the asking. To learn about something as vital as water, and as exciting as tomorrow, send for your copy of "Rapid Transit and Its Planning", by the Southern California Rapid Transit District.

Q. I live in El Segundo and my work requires me to be in Los Angeles three days a week. What bus can I get to downtown Los Angeles and how long does the trip take?  
Mrs. T. C.

A. The 51 line running through El Segundo on Main will take you to 7th Street in Los Angeles in just about an hour. I'll send you a time-table and a map.

Q. How does this new commuter service in the Palos Verdes area go when it leaves Hawthorne & Pacific Coast Highway? I live just east of the Del Amo Shopping Center and have been using three buses to get to Los Angeles. L. P.

A. The 125 line goes north on Hawthorne to Carson, then west to Palos Verdes Boulevard. You could catch the bus at Carson & Hawthorne at 7:08 a.m. and be in Los Angeles at 8:20 a.m. A timetable is on its way.

Q. Some friends of ours will be with us for several days and we want to take them to Marineland. The 51 line goes through Redondo Beach where we live. Could we ride that line and transfer somewhere? Mrs. M. T.

A. No need of all that. RTD has a new line, the 125, through Redondo Beach at 9:46 a.m. direct to Marineland. You can return 4:30 p.m. I'll send you a folder.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY. (Advertisement)
